

Imperialism Map Activity

1. Color the following countries each a different color: Great Britain, France, Germany, Portugal, Belgium, the United States, the Netherlands, and Japan
2. Color the colonies of each country the same color of the parent country. Use map on my website for help.

****Map is due at the beginning of class on Monday 12/1**

Answer the following questions on the back of the map.

1. Define imperialism and colonialism
2. What were the motives for 19th century imperialism? How were the motives related to industrialization?
3. ****How did 19th century imperialism differ from earlier European expansion?**
4. Create a chart showing the positive and negative effects of imperialism on the conquered peoples.
